

THE MEGA NETWORK INC. DISTRIBUTOR NEWSLETTER

★ SECOND EDITION ★

OTHER M.L.M. COMPANIES COME AND GO, BUT MEGA IS HERE TO STAY

Most network marketing companies are here today but gone tomorrow, as you may already know. Mega is one of the few giants that is at the top of the list when it comes to M.L.M. leaders. As a matter of fact, we're just as busy today as we were when we first started. We have grown at such an incredible rate that new offices, computer equipment and employees are just some of the areas expansion was needed. (con't on Page 2)

FIRST NEWSLETTER A TOTAL SUCCESS.

Our first newsletter was a real winner. We received many phone calls and letters from distributors around the world just saying: "Thank You for a very informative and well put together newsletter;" this is now our second edition. Due to the process of renewing the large volume of memberships, we were unable to send out the summer and fall newsletters. Now that we have everything under control, we plan on periodically putting out a regular newsletter with valuable information to keep you informed.

#1 SUGGESTION FROM DISTRIBUTORS.

We receive many letters every day from distributors who have provided us with some great suggestions. The most popular request was for Mega to come out with a tape cassette. If you will turn to page 3 of this newsletter you will notice that, once again we at MEGA have come through for our distributors. SEE TAPE/page 3.

FOREIGN MARKET IS WIDE OPEN

The Mega plan is now active in 42 countries around the world. There seems to be a whole new world outside of North America for this program. Thousands of new distributors are signing up around the world every month. Some distributors from the U.S.A. have made small mailings to other countries

and discovered that a 6-10 percent response was not uncommon.

We have had many distributors call or write to us about obtaining mailing lists from other countries.

Although we only carry mailing lists from the U.S.A., we would like to pass on some information to you about obtaining mailing lists from other countries very easily. First of all, choose a country where you would like to send your mailings. Call up your local telephone operator and ask them to connect you with the telephone operator in the country that you choose to do your mailings to. Once connected, ask for the telephone number to the Chamber

of Commerce or a Government information building. Once you have the telephone number, call and advise them that you are calling in regards to obtaining a mailing list from people in their country. Tell them that you have a mail order offer that you would like to mail out. They may give you a phone number or address of a

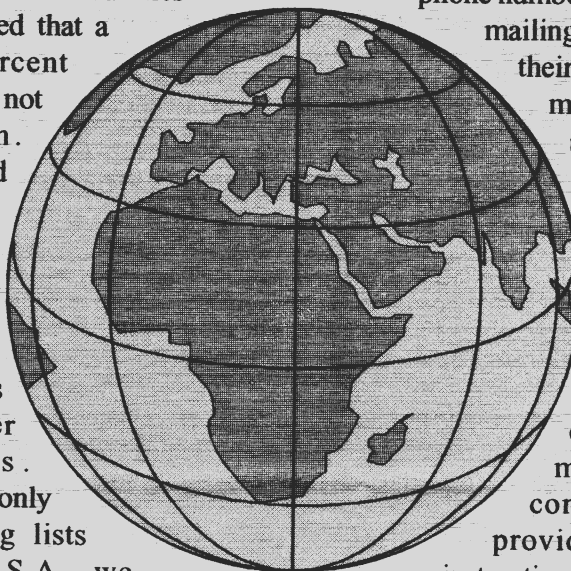

mailing list broker in their country or they may send you

some information in the mail. If you wish to avoid the above process, you can contact one

of the many mailing list companies we

provide in the instruction guide and ask

how you can buy names and addresses from other countries. Always ask for OPPORTUNITY SEEKERS from other countries: this is just one way you can build your downline. Always mention that you are sending out the Mega Network program so that they will not send you a mailing list that another Mega distributor had obtained from them earlier.

"Mega" is here to stay.

We want you to feel comfortable and enthusiastic when promoting our program: this is why we have strived to maintain one of the best customer service departments here at the Mega Network. We are here to assist our distributors with any questions they may have. We ask that you call with your questions instead of writing in to us. We appreciate the letters, however, we receive hundreds of them every day and feel that we can serve your needs much faster if you just take a minute to call us instead.

You may have purchased other M.L.M. programs from various companies in the past, only to find their phone lines had been disconnected. We would like to share some very interesting statistics about these M.L.M. companies. Did you know that 93% of all M.L.M. companies never make it to their first birthday? Of the remaining 7%, 4% never see their second year in business! Also, only 3% of these M.L.M. companies remain in business after three years. The Mega Network is very proud to say that we have surpassed the three year mark and we feel that you will be comfortable to know that we plan on staying here for a very long time.

Our marketing department has been constantly developing new products and investigating new ideas. Many ideas such as the Mega Network cassette tape, which you suggested, is just one example of what our marketing department developed. Now we are working on something that we think will be one of the biggest promotions in the M.L.M. industry.

In our next newsletter, we will be explaining in more detail about just what it is we are planning: we want our distributors to be the first to know about it. We believe this will benefit our distributors who remained active with us in our continuously expanding network.

As you may already know, many companies out there will give a song and dance about how great their program is. Some even tell you the amounts of money people have been receiving with their system, but three or four months down the road you discover they were shut down by the Post Office or the Attorney General's Office. Why does this happen? Well let us explain. All these so called "Get Rich Quick" companies will send out a huge mailing to get people to purchase their program. Some have charged as much as \$500.00 just to join. Of the 25,000 fliers they send out, about 3% will order; this amounts to \$375,000 that a company recently pulled in. Needless to say, their doors were closed just a few weeks later. This is a very common occurrence, so please be careful when dealing with "Get Rich Quick" companies.

At the Mega Network we found that honesty will always be the best policy. This is why we want you to feel comfortable working with us, and let's face it, "If you don't succeed, we don't either". We are not here for the short run as we have proven this already. We want to make this the best program in America and with all our distributors working together we will. Remember, "Partnership for progress" is our motto.

INTERESTING FACTS:

- A Distributor in Homestead, Florida lost her entire home in the Hurricane that hit in August of 1992. The very next day a Mega commission check arrived by special courier; she took the check and cashed it. She then took 18 of her neighbors who also lost their homes, to a nice restaurant and had enough money to stay in a hotel with her family until her home was repaired. What Timing!!!

- We were all very happy to hear when one of our distributors won 5.4 million dollars in the Pennsylvania state lottery just before Christmas. Congratulations to the Hilroy family.

- Thank you to all the distributors who took the time to send us Christmas cards over the holiday season. We received thousands and they were all very nice. Again, Thank you very much!!!

WHEN RETURNING NIXIES TO US

When returning nixies to us please follow these very important instructions. To save on postage costs, you can now just cut out the label from the envelope and mail the labels in a regular envelope. We originally asked for you to send the entire envelope front, however, too many people complained that this was too expensive in postage costs to them. Write your ID# on a piece of paper. Do not write a letter, just your ID# will help speed up service. Always include your \$2.00 payment to help us offset the price of postage costs and please do not request status reports when returning nixes because the status reports are handled in another office. By following these simple instructions we will be able to send out your replacement labels within 5 days of receiving your nixies.

Did You Know?

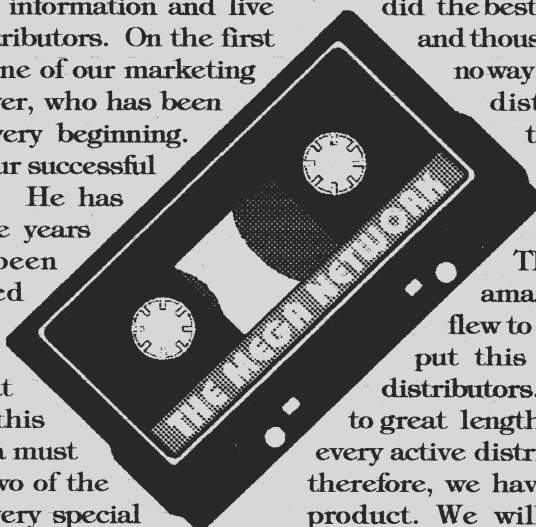

January, February, March and April are the Best Months To Mail Out! Its true! The first four months of any given year are always the best months to do direct mailings. This is a proven fact in the mail order industry. The summer is generally the slowest because many people are on vacation. You may want to take advantage of the early months to do as many mailings as possible. Good Luck To You!

Were Hiring!

We are pleased to say that we are now accepting resumes for jobs that will be available in the spring of 1993. The offices that will have jobs available are in Buffalo, N.Y., Dallas, TX. and Los Angeles, CA. Please forward your resume and salary expectations to: THE MEGA NETWORK, C/O HUMAN RESOURCES DIVISION, 117 W. HARRISON BLDG., SUITE M-541, CHICAGO, IL 60605.

THE "NEW" MEGA NETWORK CASSETTE TAPE IS A MUST FOR EVERY DISTRIBUTOR

We have received over 2,000 requests for MEGA to produce a tape cassette: we have done just that. We are proud to present the very first information and live testimonial tape to all our distributors. On the first side of the tape you will hear one of our marketing analysts, Mr. Quentin Stodlemeyer, who has been with the company since the very beginning. Mr. Stodlemeyer explains what our successful distributors did to succeed. He has gathered information over the years that has never yet before been released. He has researched M.L.M. and mail order for over eight years. You will hear him talk about what to do and what not to do when promoting this M.L.M. program. This tape is a must in order to succeed. On side two of the cassette, we have included a very special presentation. In the first newsletter, we promised to have our extremely successful distributors call

those who wanted to hear from someone who had made a large amount of money from this program. We did the best we could, however, we had thousands and thousands of requests. There was absolutely no way we could get all our extremely successful distributors to contact the tens of thousands of requests we received. These distributors have agreed to share their secrets and time with all other distributors from THE MEGA NETWORK, and you'll be amazed to hear what they have to say. We flew to 18 different cities across the U.S.A. to put this tape together for all our valuable distributors. We want you to know that we will go to great lengths to provide what you want. We want every active distributor to order a copy of the cassette, therefore, we have put a very affordable price on this product. We will also include the follow through workbook "FREE" with your cassette. Order yours today! See order form on back cover.

POSTCARDS HAVE BEEN PROVEN TO WORK!

To help you save money on your mailings we would like to suggest a proven technique that you may be very interested in. Instead of mailing the two flyers, you may want to send out a postcard instead. Below, you will find two sample postcards that have been tested by us. By mailing a postcard you only pay \$0.19. The post office will sell you the postcard with postage already printed on it. You would save on time, postage and printing costs. Do a small mailing and see how it works for you. This method will only work for residents of the USA.

HAVE A QUESTION? CALL CUSTOMER SERVICE

If you have a question or perhaps a suggestion, please call customer service instead of writing. We do appreciate the letters and we do respond to every letter, however, with about 700 letters coming in every week with questions, we find ourselves backed up in this department from time to time. Our telephone agents are well trained and can help answer any questions you may have. We cannot guarantee a response in letter form before 3-4 weeks: this is why we highly recommend you call us at 1-416-507-6603 Monday - Friday from 12:00-6:00 pm E.S.T.

MANY COMMISSION CHECKS RETURNED DUE TO NO FORWARDING ADDRESS

We are very puzzled at the number of commission checks that have been returned to us from the U.S. POST OFFICE because people have moved and never let us know their new address. We cannot stress how important it is to have updated address information from all our distributors. All we ask is that you write or call us with your ID#, the date that you will be at your new address and the actual address of your new residence along with your old address. We know that moving is a big step in someone's life and this is why we will now accept your new information over the phone. After all, why do all your mailings, then receive a commission check only to find out it will never come because you never let us know your new address. Remember, THE MEGA NETWORK has never and will never sell your name and address to other companies.

THE PERFECT HOME BUSINESS

DOUBLE YOUR INCOME while working at home in your spare time. Exciting new business can be operated successfully in as little as two to four hours per week. No selling; no inventory; no gambling or lottery involvement; no illegal chain letter or pyramid schemes; no stock or real estate purchasing; no large investments required. Begin immediately.
